Legrand | Ortronics presents Seconn Fabrication with Sustainability Award

Seconn Fabrication, known for manufacturing tenacity, market aggressiveness, service-oriented speed and technology-leadership, has been awarded the Sustainability Award from Legrand |Ortronics. Nitin Raj Sharma, Director of Strategic Sourcing at Legrand |Ortronics presented the award and discussed "his dedication to the continued integration of sustainable practices in order to continue leading the market in the area of environmental responsibility." Sharma was "pleased to find a supplier [Seconn Fabrication] that took the initiative prior to being asked to develop a solution." Legrand |Ortronics recognized Seconn Fabrication as their most distinguished supplier contributing to the company's ceaseless pursuit of energy efficient solutions.

Nitin Raj Sharma said he "feels it's extremely important to recognize suppliers who are dedicated to the collaboration and service necessary in order to exceed the needs of customers." Seconn Fabrication has shared in both the vision and the execution that propels Legrand |Ortronics to enhanced levels of performance and competitive advantage in the marketplace. "The removal of Styrofoam, and other similarly non-biodegradable items in packaging will make an immense impact on both the health of our environment and the quality of life for future generations," said Sharma.

Rob Marelli, Owner of Seconn Fabrication said, "He is both honored and humbled by this recognition. Creating environmentally sustainable solutions is simple fundamentals for 21st century global business, and it is core to our values here at Seconn." Seconn Fabrication has sponsored numerous "Green" initiatives to ensure the optimized use of post-consumer and recycled materials, to collaboratively create solutions with clients and suppliers that are both low-cost and low impact on the environment, and to reduce its ecological footprint.
